

Giving back some of what EMDR therapy has given to you . . .

EMDR therapy is used to treat trauma, anxiety, depression, phobias, and so much more . . .

EMDR therapy is the gift that keeps on giving

Help the EMDR Research Foundation and help others

Did you know that funding and promoting meaningful scientific research is crucial to the expanding applications of EMDR therapy and its positive impact on people's lives? When you support EMDR research, you are investing in the health and well-being of people everywhere.
