Responsible Use and Safety Guidelines

Oxycodone is highly effective but should be used **only as prescribed** to prevent dependency or misuse. Always follow your doctor's instructions carefully.

Best practices for safe use:

- Take exactly as directed — never increase your dose without consulting your doctor.
- Avoid alcohol, sedatives, or other opioids.
- Store securely and out of children's reach.
- Do not share your medication with anyone.
- Dispose of unused tablets safely following local guidelines.

If pain persists or you experience side effects, contact your healthcare provider promptly.
